Please enclose a report from your GP, detailing your present health and your health needs. All details will be held in strict confidence.

As the heading at the top of Page 1 of this form indicates, one of Quebec Hall's primary objectives is to provide a residential facility for retired Christians. This means that Quebec Hall provides a facility where men and women with a Christian faith can live alongside like-minded people and are given the opportunity to share times of prayer, worship and fellowship with one another. We realise that not all applicants share those values – but we would like to know if you would feel comfortable in an environment with that practice and ethos.

(Please cross out which of the two responses below does not represent your position)

1 Yes I am comfortable with the Christian faith-based foundations and ethos of Quebec Hall

2 No I am not comfortable with the faith-based foundations and ethos of Quebec Hall

If you have indicated above that you are comfortable with the Christian foundations and practices of Quebec Hall, we would be delighted if you would give us a brief account of the part Christian faith has played in your life, along with details of any Christian fellowship you currently attend or hold membership. If the Christian foundations and practices of Quebec Hall do not form part of the reason why you have applied to Quebec Hall for residential accommodation, please mark N/A or Not Applicable' in the space below.
